The election of Meneral Logan to the senate from Alinois calls aftention to the pointicar complexion of that body. At present there are ting ming Mahone and Rius eperger) 39 republicions, 36 democrats, and 1 vacancy. The vacancy, in the Oregon representation, will be filed by a republican, so that the republicans may be considered as having for the next two years a majority of four. The terms of twenty-four senators wiexpire in 1857. Of these sixteen are republicans and eight cemocrats. Among the states that will elect the following may be classed as combtful: Connecticut, Inciana, New Lersey, Michigan and Ohio, now represented by Lawley, marrison, Sewell, Conger and Sherman, republicans; and Nevaca, now repressented by Far, comocrat. The other states, except Virginia, which is likely to replace Mahone with a Cemocrat, will probably e ect to succeed the present senators men of the same politics. If the demparats elect the senator from Virginia and one other, from rudiana, for instance, and bolk the Nevaca declined it. After the near of Gartie c, tangine way of expressing their sense of perseat, the senate will be a tell of they can President Arthur appointed him as secretary e ect one more, they will get control. Tiese of state to su ceed Baine. figures make apparent the importance that may attach to Logan's success.

Their action in respect to teisms which tendes, to strengthen the names the Egyptian convention and informing the of the dussian wir party.

Gladstone's Rebuke

LONDON, May J. Mr. Gladstone's reply to lore, Rendolph Charchill, ast night was delivered amic continued noisy conservative interruptions. When the noise reached its climax, Mr. Gaestone stopped for severaminutes, then in a broken voice he remarked, that this kind of a political warfare was a ittle malter to high whose personal presence was a question of months rather than of years. The opposition remained silent curing the rest of the speech. Ar. Gadstone said he was unable yet to explain fully the Angle-Jussian agreement of March 17, but he believed it to be a covenant of the most sacreu, character.

The War Coud Thickens.

St. Errasmad, May 20 Kambia are current force to the effect that the Anglo-Russian negotiations have collapsed. It is ba-Heven however that the runnestoriginater with the war party. The Svet predicts an outbreak in A. and man and Atlantia against Egypt. They had not however, been ordered the Jurks and Gooks warm and set the to disembark d'Alexandria. whole Selavic work, in their s-

VARNA, May 21 : Lass, an influence with the porte has been in a result on a Greene declared her intention to support England in son at Runel and other troops at Abassieb, event of war with Russia.

' The Afghan Dispute.

JONDON, May 2019 Morning papers ununimously express the opinion that the detention of the Guards at Alexandria and of the Australian contingent at Aren is on account of the attitude of Aussia and there is a serious obstacle in the way of completing the negotion rescued a ive if the troops under commune upon the general," sa ()r. Dong ass. ations for peace.

The Daily News says Mr. Glacatone cannot tions are settled. The general elections to be aela in November will turn on his foreign and home policy. The liberals, the News says, south. cannot light the issues without him.

Securities Tambling.

London, May 2 .- Consols opened 99 Li-16; before one o'clock rac. failen to 95 13-16. Stocks and home and foreign funds are cepressed in consequence of the general feeling that Russia will permit no peaceful settlement of the present troubles and that sie is bent on having war. The ce ay of the return of the Guards from Egypt and the news that comes from Incia in regard to continued war preparations there has caused a most uneasy feeling upon the various exchanges.

For a Possible Contingency.

CONDON, Nay 21. - in the house of commons this afternoon the Marquis of Eartington, secretary of war, stated that it was not thought by the government desirable to give reasons for the detention of the Charcs at A exameria. It was stated by the government some time ago, accee. Lore Lartington, riat it was desirable to concentrate British troops tien in tie Soucan for possible service else-

Nothing Settled.

LONDON, May 21. - Concerning Turkey Mr. O acstone said in the house of commons that Angland has had communication with the porte in regard to the occupation of Suazim. out none with any other power. "Nothing is be the arbitrator."

Kilitary Work

CALCUTIA, May 20. - Afguan advices report that reinforcements are continua y going from Cancahar to Lerat. It is expected that the tallway will be completed to Mutch in 60 cays. Mater a has been ordered sufficient to carry the line to Cancahar. There is no sign of relaxation of mic lary work.

Preparing the Flest.

Lionbon, May 2. Che admira'i y has 'eperaphed orders to Portsmouth to prepare the man-of-war Cormorant for sea as rapic y as possible and expectite work on the frone acs Sultan, Rupert, Devastation and Polyphenius, preparatory to their joining the leet.

Negative Information.

NEW YOXICAN YINES.

The O.a. Yan and Treasury Mountain

the following article is agen from the Mining and Scientific Press published at San Francisco of the Late of May 30

FIRMING MINING BISTRICA.

City stars now wel snown in ning camp. The place is small but prosperous. The richness or the neve open in nes have given an impetus to development by sma. properly owners and prospectors, hence the general activity in mines in the immed are vien y. The reat ers of the press have often seen a mention of the ce ebrated O a man mine. A ceser ation o' this noter property wil give min ny men an dea of the formations, ores and methods of min ng in this distric.

THE OLD MAN MINE.

Few mines in New Mexico have excelled this as a but ion producer in the saine length of time. Less than 1,000 feet of shafts, incones and tunne s, ceat work no need, has been cone on the mine, and out of this \$100,coo has been taken from the high grace ores, and on the cump over 10,000 tons of ow grace that we average nearly \$25 per ton awaits trea ment. The forma, on is a con act between me and shale. The ore mcy being quarts about fourteen teet in wiching carry ng rica (eposits of calorice and horn, s ver near .ow grace.

A MODEL PROPERIA.

A two compartment me me namesome v timbered to lows the hanging wal cown to tho cepth of near y 200 leet. A number of Crists and tunners have been criver a both ways rom the moline, and rich ceposits near the stale has been the order of progress uncer ground. Ore chambers have been stoped out and the ouls of the ow grace ores uncoveres and can as speed ify and cheap y extracted in the tature. The latest and most mae icabie machinery, an economica, and experience management and an mexiaus: 18 supply of excel ent ore make the O C Man a more mine.

MINING ON A LICENSESS LASIS

There are out few stock mines in the terr fory that are concucted on the same ous ness ng the showing, s he motto of the company. To pres con- and general manager, Xr. . . . Sections dge, has managed to pay for the purdividence in ess than eight months. This has been accompassed with a force, of fifty men and on y nigh grace ore sugget, he

WESTERN CAPITAL.

The Old Man a owned mostly by Colorado people, the principal owners resting in Coloraco Springs, Co o. "ae caut ous, businessthe rapid and extensive development of the property. Notwithstancing a recent reh strice the work goes on in the same cautious manner. The ore on the cump would pay for the efection of a mill, and the ore porces in time for supper, coming by a special rain exposed in the mine will keep a good-sized the plane in a very acceptable manner by ever the Denver & Rio Grance from Puedo. In going my it and day for some time to

THE TREASURY MOUNTAIN GROUP. While he Oc Man as at racted widespread a tention by its rich deposits and Treasury Yountain company ac o ning he aga n. of the tro. The party is accompanied by O.c. Man on the east, bics altor valid in the thoroughy we qualified and experienced near future. The ocation of these mines CRASS & Short Time previous to 18 C scovery of the O c Man. The very is a continuation are comfortably provided for. The party of: of the Oic Man, and the croppings across the face of the claims in places have yie cen reh ce, nos tsion a very ng i grace ore.

DEVELORMENT.

No eatnost work of cove obment had been come on any of the groups until curing lie nast six mon hs. Philaceld na bead a own of the Gods, Glen Lyre, Je pass, from the mines, and notwithstanding the reputation of the Quazer cap, a 18th for senting but-"the wrong man for the right place," t ey Veta need and and property of the veta need of regions the veta seed and if twe ve openings on the ven ore mas been exposed. On the Seven Unity-Seven, cirectly adjoining the O a Lan, a shalt 130 'est deep opens up a 12-foo, vein of quartz ne grea er part of which is siver bearing. o sting works will be erected on this mine. Tie Twin Sisters snow ore, a number of tobs on the cump being o a ngigrace. Work ce lent reports can be looked for from Superintendent acley's work. A ciamone or is kept busy at work neating in advance of "Done ec to an encore and played "I'w igna" the vein as it is opened up.
